

Data Protection link on BBS Website

PRIVACY NOTICE

In order to comply (as we must) with the UK Government's Data Protection Act (1998) coupled with the subsequent EU General Data Protection Regulation (effective May 2018), we have to advise you that all (and only) the information that you have given us on booking forms and other related forms is transferred to a Brecon Bible School database and held securely on the committees' computers. The paper forms themselves are kept in a locked filing cabinet at our home and will be destroyed immediately after this year's Bible School.

God willing, all database information will be retained by us, or our Brecon Bible School committee successors, for a period of two years from receipt; thereafter to be deleted from our records. However, if you would like to instruct us to destroy the information before that time, we will do so without delay.

For the purposes of the above-noted legislation, the Data Controller is Sis Georgie Jackson (Brecon Bible School Bookings Administrator) and the Data Processor is Bro Roger Jackson (Brecon Bible School General Secretary), both contactable by email: roger.jackson@talktalk.net or telephone 029 2062 7701.
